Cubs Newsletter

Week 18

Next week

We will have an exciting start to our week as we celebrate Pancake Day on Tuesday. The children will be writing recipes, measuring out ingredients to make pancakes and taking part in pancake races. We shall read the story, The Pancake Race.

100 days

The Cubs will have been in school for 100 days on Wednesday! How quickly the time has gone! They will be celebrating how much they have learnt with a 100 day party with lots of activities around the number 100. **Please note – uniform is to be worn!!**

This Week

We have been continuing our learning about transport. This term our focus will be on trains.

We read the story The Train Ride – you may want to read it with your child or complete some of the activities that are available online. We

also had our marvellous middle this week, which gave the Cubs the chance to work in the Year 1 classrooms where they printed with paint using wheels to create tracks, moved in a variety of ways as different transport and made

chalk images of transport. A busy day!! We were learning about measurement in maths and sorted transport from shortest to longest. We

reached letter M in cooking through the alphabet and made macaroni with cheese.

Congratulations

On Friday mornings we have an award assembly where we celebrate children's achievements. Each week we choose a child from each class who has achieved well during the week and they receive a smiley face badge which goes on the wall in the classroom. We also choose a child from each class that has shown our value of the month and their picture goes on the values tree in the entrance. This month our value is excellence. One child from each key stage is chosen for work of the week their work is put up in the entrance.

Achievement Awards

Lions – Ruby – for
working very hard

Otters – Sanchez –for
writing a sentence by
himself

Honesty Value Award

(Lions) –
Sadiqa
