Week 8

This Week

We have worked very hard this week! It was assessment week and time to show what we had been learning since we started school. We completed number and shape activities in math, wrote our names and read the sounds and words we have been learning. Our Christmas Arts Day was a welcome end to our week! The children enjoyed showing their Christmas jumpers and making lots of crafts.

Next Week

We will be learning about the story of Christmas. We shall use drama and story maps to help us to sequence the story, while practicing our songs ready for our concert. It is a very busy, exciting time in school. In maths, we shall be learning all about the number 7.

Folder Friday

Don't forget that next Friday is our Folder Friday. Please feel free to join your child's class to look through their topic work that they have completed this term.

A reminder!

Please make sure that your child reads to you at home every day...just five minutes makes such a difference to their learning. Also, please ensure that they have their reading diary with them in school every day! Thank you for your support.

Congratulations

On Friday mornings we have an award assembly where we celebrate children's achievements. Each week we choose a child from each class who has achieved well during the week and they receive a smiley face badge which goes on the wall in the classroom. We also choose a child from each class that has shown our value of the month and their picture goes on the values tree in the entrance. This month our value is excellence. One child from each key stage is chosen for work of the week their work is put up in the entrance.
